Re: July and August 2014 Suction Dredging Activity along the South Fork Clearwater River,  
Hwy. 14, Mile Marker 39-40

Dear Ms. Grossman:

This letter concerns alleged violations of the Clean Water Act (CWA), 33 U.S.C. § 1251 *et seq.*, for the discharge of pollutants from suction dredges operating in the South Fork Clearwater River without authorization under a National Pollutant Discharge Elimination System (NPDES) permit. By this letter, the U.S. Environmental Protection Agency (EPA) is requesting additional information regarding those activities.

EPA received information that during July and August 2014, members of the American Mining Rights Association (AMRA) conducted suction dredging activities on a mining claim held in your name within the South Fork Clearwater River, near Mile Marker 39-40, Hwy. 14. The South Fork Clearwater River is a water of the United States. Additionally, this section of the South Fork Clearwater River is listed as critical habitat for endangered species including bull trout, Chinook salmon, and steelhead and is listed as a CWA Section 303(d)-impaired water for sediment. Pursuant to Section 402 of the CWA, an individual must obtain an NPDES permit to discharge pollutants such as rock and sand from a suction dredge into a water of the United States. Our records indicate that an NPDES permit was not issued to anyone for dredging on the South Fork Clearwater River.

The discharge of pollutants from a suction dredge into a water of the United States without authorization under an NPDES permit is a violation of Section 301(a) of the CWA, 33 U.S.C. § 1311(a).

**INFORMATION REQUEST**

In exercising its responsibilities under the CWA, EPA requests information from you. EPA is authorized to make this Information Request pursuant to CWA Section 308, 33 U.S.C. § 1318. EPA requires this information to evaluate whether you are in compliance with the CWA.

Your response to this Information Request must be postmarked within thirty (30) days of receipt of this letter. All responses must be submitted to the following addresses:
